

AVAROS D2.2 Beta Package Checklist

Date: 2026-07-01 Release: AVAROS DIA OVOS Manufacturing Assistant v0.1.1 WASABI
deliverable: D2.2 Beta package + security checklist

Scope and Status

The AVAROS/WASABI beta package is ready for evaluator review for the scoped v0.1.1 package. The installable ZIP, checksum, quick-start material, shop listing, and public AVAROS access point have been prepared and verified.

This checklist applies to the AVAROS v0.1.1 beta package and its configured demo deployment. It does not certify unrelated host services.
